

Unconventional Oil		Primary Author	Presentation Time	Presentation Date
1	Reservoir Units within a Multi-Layered Dolostone Formation: Grosmont Formation, Sleski Area, Alberta, Canada	John Hopkins	8:30	September 16th, 2010
2	Sedimentological Calibration of Geomorphologic Elements Imaged Seismically in the McMurray Formation, Alberta, Canada: Characterizing a Complex Tidally-Influenced Fluvial Depositional System	Stephen Hubbard	9:00	September 16th, 2010
3	Unconventional Oil Production in the Cardium Formation, East Pembina Alberta, Canada	Christian Viau	9:30	September 16th, 2010
4	And Now for Something Completely Different? ...An Unconventional Oil Play, the Devonian Torquay Sand, a Thin Lowstand Veneer, Southeastern Saskatchewan, Canada	Ryan Carnegie	10:00	September 16th, 2010
5	The Bakken in Southeast Saskatchewan: Stratigraphic and Facies Analysis	Dan Kohlruss	10:30	September 16th, 2010
6	Geology of the Jurassic Shaunavon Formation, Southwestern Saskatchewan, Canada	Arden Marsh	11:00	September 16th, 2010
Unconventional Gas				
7	The Horn River Shale Play, Northeastern British Columbia, Canada	Jerome Biollo	11:30	September 16th, 2010
8	Reservoir Characterization of the Upper Montney Formation in the Heritage Montney A Pool at Dawson Creek, British Columbia, Canada	John Miller	12:00	September 16th, 2010
9	Integrated Sedimentology, Ichnology and Petrography of Unconventional Gas Reservoirs of the Montney Formation; Dawson Creek Region, Northeastern British Columbia, Canada	Peter Proverbs	12:30	September 16th, 2010
10	Interpretation of the Haynesville Shale in the Devon Energy Corporation Hull A-102 Core, Panola Co., Texas, USA.	Chuck Vorce	1:00	September 16th, 2010
Conventional Oil and Gas				
11	Unconventional and Tight Sandstones in Jurassic Paleovalleys Of The Alberta Plains: J3 and J2 Sandstones, Medicine River Area, West Central Alberta, Canada	Fed Krause	1:30	September 16th, 2010
12	Depositional styles of the fluvio-deltaic Tubåen Formation, Norwegian Barents Sea	Geir Helgesen	2:00	September 16th, 2010
13	Sedimentology, Reservoir Architecture and Exploration, Appraisal and Development History of the Buzzard Field, Outer Moray Firth, Central North Sea, United Kingdom	Dean Gagnon	2:30	September 16th, 2010
14	Sedimentology of the Upper Cretaceous Lower Vivian Formation within the Situche Structural Complex, Northern Marañón Basin, Peru	Mark Radomski	3:00	September 16th, 2010
15	Interpretation and Integration of Core Collected from the Ben Nevis Formation in White Rose E-18 9, White Rose Field, Offshore Newfoundland, Canada	James Carter	3:30	September 16th, 2010
16	Recovering the last drop of the S2 Reservoir, Qishn Clastics Member, Tawila Field Yemen - an integrated petrophysical, petrological, and sedimentological study to define geologic controls on reservoir quality and future potential	Chantel Bunnell	8:30	September 17th, 2010
17	Characterization of the Lower Cretaceous Martin House Formation Stratigraphy and Sedimentology in the Mackenzie Corridor, Northwest Territories, Canada	Julia Davison	9:00	September 17th, 2010
Challenging Paradigms				
18	Challenge the Paradigm Part 1: HCS - Storm Wave Bedform or Deep Water Antidune?	Dennis Meloche	9:30	September 17th, 2010
19	Challenge the Paradigm Part 2: HCS - Submarine Gravel Deposits in the WCSB - Wave Ravinement Lags or Current Traction Carptets?	Dennis Meloche	10:00	September 17th, 2010
