

**Seismic Micro-Technology, Inc.**  
The KINGDOM Suite

Dear Applicant,

Thanks for your interest in SMT's Educational Grant Program, please read the application instructions and complete this application packet. Please print two (2) copies of the KINGDOM Software Educational User License Agreement. You will need both copies endorsed by an official institution representative who has authorization to engage your institution into contractual obligations. Please have your authorized representative sign **both copies** of the license agreement and return them along with your application to Seismic Micro-Technology, Inc. (SMT), to the attention of Kayla Ball. We will return one executed copy for your records along with a letter documenting the value of the grant to your organization.

There is no charge to your organization for the software or maintenance and this agreement once executed will run for a 10 week period. If after 10 weeks of use you wish to renew your agreement you will need to resubmit a new application.

We ask that your institution please announce this grant through its Public Affairs Office in publications used to place Press Releases, Announcements, and similar information. We also request that you provide a link from your department web site to our site at [www.seismicmicro.com](http://www.seismicmicro.com) to permit your staff and other interested parties to better understand our suite of products.

If you have any questions or concerns regarding this agreement, please direct your inquiries to Kayla Ball at [kball@seismicmicro.com](mailto:kball@seismicmicro.com).

Sincerely,

Kayla Ball  
Sales Support, Geologist

## Application Instructions

In order to qualify for a grant of SMT's Kingdom software you will need to provide SMT the following information:

- 1) Completed Educational Grant Program Application Request Form  
Instructions for accurately completing the *Program Information and Product Request Information* section are provided here.

**License Type:** Select whether the software will be used for a class or for research projects

**Product:** You have 3 options to select from:

**TKS Basic:** This option provides you usage of our 2d/3dPAK Interpretation solution

**TKS PowerPAK:** This option provides you with TKS Basic plus EarthPAK & VuPAK

**TKS Complete:** This option provides you with TKS PowerPAK plus TracePAK, CGMP AK, AVOPAK, LogPAK, SynPAK, 1DFM, Tunnel-L+, OpenKINGDOM

**License:** Select whether you are requesting a "Standalone" workstation edition or a "Network" edition that will be used by workstations connected across a Network.

**Number of Workstations:** Enter in the number of workstations that will be utilizing the software.

**Type of Sentinel:** SMT software requires a hardware sentinel or dongle to operate. Indicate here whether you want to have a sentinel that will be plugged into a parallel port or a USB port.

- 2) A letter of intent and usage on organizational stationery signed by an authorized AAPG official (sample copy attached)
- 3) A signed copy of the KINGDOM Software Educational User License Agreement, signed by an official of the organization who is authorized to enter into contractual agreements on behalf of your organization. Please note that on the first page, first paragraph of this agreement you need to enter your organization name and address in the appropriate fields. Under CONDITIONS in item a) you again need to provide your organization name in the appropriate field.
