

25–27 April 2023 • University of Houston

An Emerging Field for Energy Professionals

# Post Show Report

SPONSORING ORGANIZATIONS:

ENDORISING ORGANIZATION:

# Attendance

# Total: 1,372

## Attendance Breakdown

## Total Countries Represented: 32

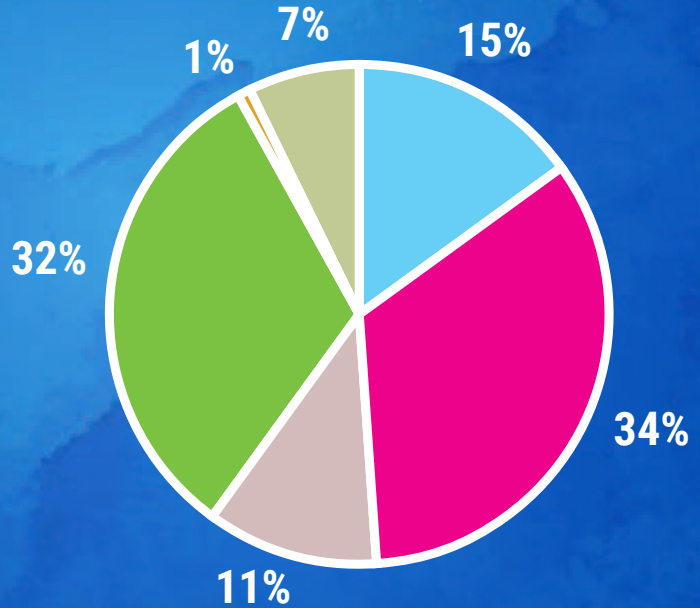

### Top Countries Represented:

1. United States	6. Brazil
2. Canada	7. Norway
3. United Kingdom	8. Germany
4. Japan	9. France
5. Netherlands	10. Saudi Arabia

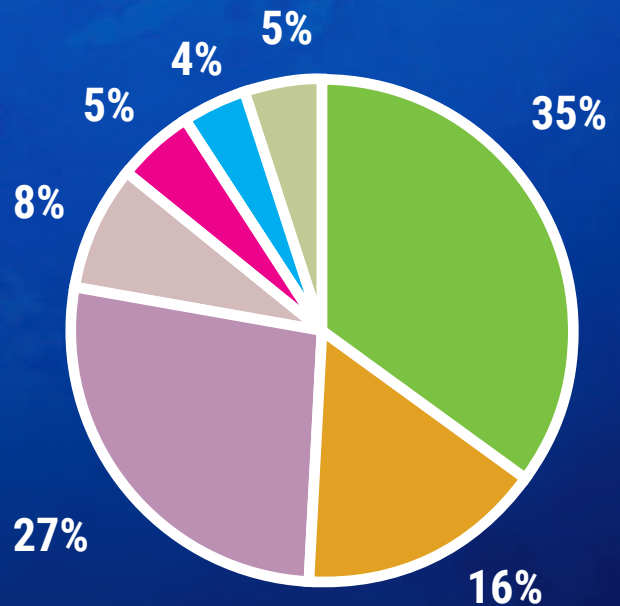

## Profession Breakdown

- *Geophysics 15%*
- *Geology 34%*
- *Other 11%*
- *Engineering 32%*
- *Academic 1%*
- *Sales/Marketing 7%*

## Position Breakdown

- *Staff Geophysicist, Geologist, Engineer 35%*
- *Executive Management 16%*
- *Mid-Level Management 27%*
- *Consultant/Self-Employed 8%*
- *Marketing/Sales 5%*
- *Student/Professor 4%*
- *Retired/Displaced/Other 5%*

# Gauging the Audience

**93%**

Overall event satisfaction rating among attendees.

**90%**

Of attendees found that CCUS 2023 met or exceeded expectations.

**92%**

Of attendees found that the quality technical presentations met or exceeded expectations.

**92%**

Of attendees would recommend CCUS events to industry peers.

**92%**

Of attendees are likely to attend future CCUS events.

## Technical Program

Total Abstracts Submitted: **407**

Total Abstracts Accepted: **210**

Total Sessions: **42**

Total Oral Presentations: **131**

Total Poster Presentations: **52**

# Highlights

## Keynote Presentations: 3

- Oil & Gas and CCS – Why They Make Sense Together | Talos's Journey in Expanding its Portfolio**  
**Tim Duncan**, President and Chief Executive Officer, Talos Energy Inc.
- Department of Energy Carbon Management Infrastructure Opportunities**  
**John Litynski**, Director, Carbon Transport and Storage, U.S. Department of Energy
- The Global Outlook for CCS Continues to be Both Bullish and Ambiguous**  
**Peter Findlay**, Principal Analyst – CCUS, Wood Mackenzie

## Panel Sessions: 3

- Environment, Sustainability, and Governance (ESG) and CCUS**  
**Randy Robichaux**, Vice President, Health, Safety, and Environmental, Denbury, Inc.; **Syed Fahim**, Global Commercial Performance Lead Outcome, Value, ESG; **Pramod Patil**, Reservoir Engineering Technology Division, Saudi Aramco; **Glen Bailey**, Vice President, Key Accounts and Partnerships, Carbon Clean
- Bottlenecks to Success**  
**Dawn Lima**, Associate Vice President - Renewable Energy and Sustainable Technologies, Foss & Company; **Richard Esposito**, R&D Program Manager, Southern Company; **John Litynski**, Director for Carbon Transport and Storage, U.S. Department of Energy; **Ali Tura**, Professor, Geophysics, Colorado School of Mines; **Peng Ye**, Subsurface Manager, Equinor
- 10 Years in the Future**  
**Patricia Loria**, Vice President, Business Development, Carbon Capture, Inc.; **Deniz Dindoruk**, Senior Front End Development Manager of Canada, CCS projects in IG, Shell; **Nikki Martin**, President, EnerGeo Alliance; **Cindy Yeilding**, Independent

## Highlights (Continued)

### Topical Luncheons: 3

- **A Conversation with Women in Energy Leading the Way Into CCUS**  
*Maris Densmore*, ACR Director, Industrial Solutions; *Kerryanne M. Leroux*, Assistant Director, Integrated CCS and Alternative Energy, Energy and Environmental Research Center (EERC); *Amanda Raddatz Bopp*, Principal Geoscience Consultant, CCUS, DNV; *Lisa Lun*, Carbon Storage Technology Team Lead, ExxonMobil; *Holly Krutka*, Executive Director, University of Wyoming School of Energy Resources; *Corey Shircliff*, Manager, Louisiana Department of Natural Resources – Geology Section
- **Why So Negative? Reflections on the Role of Negative Emissions Technologies**  
*Cindy Yeilding*, Independent Director, Denbury Inc.
- **Getting from Play to Project**  
*Owain Tucker*, Capability Manager and Principal Technical Expert in Carbon Storage, Shell

### Short Courses: 4

- **Fundamentals of Carbon Capture and Storage**  
*Rita E. Okoroafor*, Texas A&M University and *Jeff Duer*, Shell Global Solutions Canada
- **Energy Transition for Subsurface Geoscientists and Engineers**  
*Srikanta Mishra*, Battelle Memorial Institute
- **The Techniques and Business Aspects of Carbon Capture, Utilization and Storage and the CO<sub>2</sub> Storage Resources Management System (SRMS)**  
*Rawdon Seager* and *Nicholas Fulford*, GaffneyCline
- **Integrating Geophysics into Geologic Carbon Storage Workflows from Scoping to Monitoring**  
*Matthias Imhof*, ExxonMobil; *Joël H. Le Calvez*, SLB; *Felix Herrmann*, Georgia Tech; *Marie Macquet*, CMC; *Andrew Curtis*, University of Edinburgh

### Field Trips: 2

- **A Journey Through a Carbon Capture Focused Core Analysis Program I**  
*Bryan Guzman*, *Meri McCulley*, Premier Corex, and *Tim Prather*, TC Energy
- **A Journey Through a Carbon Capture Focused Core Analysis Program II**  
*Bryan Guzman*, *Meri McCulley*, Premier Corex, and *Tim Prather*, TC Energy

## Total Exhibiting Companies: 62

- Advanced Resources International, Inc
- Anew Climate Operating Company, LLC
- ArianeLogiX GmbH
- Badley Ashton
- Baker Hughes
- Canamera Coring
- Carbon Seismic LLC
- CGG
- Chemostrat
- Chevron New Energies
- Chinook Consulting Services
- CO2SeQure/MicroSeismic, Inc
- Colorado School of Mines - CCUS Innovation Center
- Compressor Engineering Corporation
- Core Geologic
- Core Laboratories
- DataCan USA
- Denbury Inc
- Diversified Well Logging, LLC
- Earth Signal Processing, Ltd
- EasyCopy Company (AutoGraph International Inc)
- ESGWAY Corporation
- Geox MCG
- Geomap Company
- Geospace Technologies
- Geostock Sandia, LLC
- GHD
- GLJ Ltd
- H2 Laboratoris
- Halliburton Energy Services, Inc
- HOT Energy Group
- Hydrocarbon Data Systems, Inc
- Instrumental Software Technologies Inc
- Intertek Westport Technology Center
- IPT Well Solutions
- Kobelco Compressors America, Inc
- Lonquist Sequestration LLC
- Oklahoma State University/Boone Pickens School of Geology
- One-Geo
- OXY
- Paragon Geophysical Services, Inc
- Pelican Energy Consultants
- Percheron, LLC
- Petroleum Experts, Ltd
- ProDirectional
- Rose & Associates, LLP
- S&P Global - Commodity Insights
- SensorEra Inc
- SLB
- SmartSolo Inc
- Sound Oceanics, LLC
- SPWLA
- Stantec
- Subsurface Consultants & Associates, LLC
- Telemark Energy Services LLC
- Tetra Tech, Inc
- TGS
- Tracerco
- TRE ALTAMIRA INC
- University of Wyoming School of Energy Resources
- US Coring
- Vallourec
