Welcome and Social Reception

6:00 p.m.–8:00 p.m.  
Vision for the Conference – Charles A. Sternbach, 2017-2018 AAPG President  
Super Basins Posters – Bob Fryklund, Vice President, IHS Markit

Welcome and Introductions: Why Super Basins are Important and What AAPG is Doing About Them – Charles A. Sternbach, 2017-2018 AAPG President

Keynote: Super Basins – Bob Fryklund, Vice President, IHS Markit

Keynote: Permian Basin – Scott Sheffield, Executive Chairman of the Board, Pioneer Natural Resources

Keynote: Overview of Greater Super Basin Concept How it Might Evolve – Scott W. Tinker, Director, Bureau of Economic Geology & Chief Executive Officer, Tinker Energy Associates, LLC

Break

Appalachian Basin – William A. Zagorski, Vice President, Range Resources

Anadarko Basin – Rick Fritz, Chief Executive Officer, Council Oak

America’s Unconventional Energy Opportunity: An Update – David Gee, Senior Advisor, Boston Consulting Group

Networking Lunch

Williston Basin – Mark Sonnenfeld, Vice President Geoscience, Whiting Petroleum Corporation

The Western Canada Super Basin: A Confluence of Science, Technology, and Ideas – Paul Mackay, President, Shale Petroleum Ltd.

California: San Joaquin – Kurt Neher, EVP Business Development, Berry Petroleum Company, LLC

3:00 p.m.–3:30 p.m.  
Break

Alaska: North Slope – David Houseknecht, Supervisory Research Geologist, USGS

Gulf of Mexico Offshore Evolution of Past, Present, and Future Plays – Cindy Yeilding, Senior Vice President, BP America

4:30 p.m.–5:00 p.m.  
Super Basins, Super Data, Super Results – Shandell Szabo, Vice President, U.S. Onshore Exploration, Anadarko

5:00 p.m.–7:00 p.m.  
Social Reception

Discussion of Super Basins Key Issues – Bob Fryklund, Vice President, IHS Markit; Charles A. Sternbach, 2017-2018 AAPG President

Mexico: Tampico-Misanta Basin, and Sur Este Basin – Mark Shann, Technical Director, Sierra Oil and Gas

Neuquén Basin – Carlos Macellari, Director of Exploration and Development, Tecpetrol

North Sea – John Underhill, Professor and Chair of Exploration Geoscience and Chief Scientist, Heriot-Watt University

Break

The Arabian Basins: Prolific Producers With Bright Futures Still – Ibraheem Assa’adan, Vice President of Exploration, Saudi Aramco
10:30 a.m.–11:00 a.m.  
**North Africa: A Rejuvenated Super Basin** – Jonathan Craig, Senior Vice President, Exploration Strategies and Professional Areas, ENI; Andrea Cozzi, Vice President, Exploration North/East Africa and Middle East, ENI

11:30 a.m.–12:00 p.m.  
**Brazil Pre-Salt, Santos Basin** – Otaviano Pessoa Neto, General Manager of Geology and Petrophysics, Petrobras

12:00 p.m.–12:30 p.m.  
**Western Siberia Super Basin: Learnings from the Past and Insights Into the Future** – Alexei V. Milkov, Professor and Director, Potential Gas Agency Colorado School of Mines; Vladimir Vyssotsky, Senior Geoscientist, BP Russia; Adrei S. Bochkov, Deputy Chief Executive Officer for Exploration, GazpromNeft

12:30 p.m.–1:30 p.m.  
**Networking Lunch**

### Future Technology Game Changers

1:30 p.m.–2:30 p.m.  
**Panel Discussion: What are Game Changing Technologies of the Future?**

**Moderators:** Bob Fryklund, Vice President, IHS Markit and Charles Sternbach, 2017-2018 AAPG President

**COP Operator Stimulated Rock Volume** – Greg Leveille, Chief Technology Officer, ConocoPhillips

**Big Picture Geophysics and Reservoir Packages** – Brian Horn, Senior Vice President/Chief Geologist, ION

Buddy Woodroof, Core Laboratories

2:30 p.m.–3:00 p.m.  
**Wrap Up**

The future of energy is bright, with today’s creative minds looking at challenges in new ways. A career in exploration at Saudi Aramco will give you an opportunity to work at the forefront of technology and innovation. We are continuing to advance our exploration program – finding new fields, adding reserves, and developing more efficient methods to optimize recovery and production.

As part of the network of geoscientists, you will have access to unparalleled resources from one of the world’s leading energy companies combined with a team of colleagues dedicated to excellence and collaborative thinking.

We are seeking Prospect Generators with strong carbonate or clastic seismic stratigraphy and attribute analysis experience to join our world-class team in Saudi Arabia.

Apply now at www.aramco.jobs/aapgsb
