

CONNECT. GROW. LEAD.

AAPG Young Professionals

About AAPG Young Professionals

AAPG Young Professionals (YP) connects recent graduates and early-career geoscientists with the people, knowledge, and opportunities that can help them build successful careers in the geosciences. Whether you're starting your first job, exploring a new career path, or looking to take the next step, AAPG YPs provide a community where you can connect with peers, learn from experienced professionals, develop leadership skills, and stay engaged with the industry.

WHY JOIN?

1 Build Your Network

Connect with geoscientists at every stage of their careers through local YP chapters, AAPG events, programs, and networking opportunities.

2 Grow Your Career

Gain access to technical knowledge, career resources, mentoring, and opportunities designed to help you navigate the early stages of your career.

3 Learn and Develop

Expand your skills through technical talks, workshops, webinars, field trips, conferences, and other educational opportunities.

4 Lead and Get Involved

Build leadership and communication skills by getting involved with your local YP chapter, volunteering, organizing events, and contributing to the geoscience community.

5 Stay Connected to AAPG

Be part of a global professional community and build relationships that can support your career throughout your professional journey.

WHO SHOULD JOIN?
